

Call to order allan

Deferred motion about lawsuits from last

Scott Sweetman doing report

Recommendations and reports:

3 judicial reviews. Cssa intervener status can join easily

NFA CCFR NFA pushing case. CCFR not spending and willing to drop case, only group actually bringing their own legal action against the government and likely to be the only group to be before the supreme court and seeking an injunction.

NFA will use funds for other purposes.

CCFR is tagged and used in trust. -> legal defense only and thus can't get into nfa struggle

Recommendation stay away from NFA, interveners are ok, CCFR is likely the best.
